

Add On Timber & Vinyl Anti-Slip Solution

ADD GRIP Vinyl/Timber is a unique anti-slip liquid that you simply add to your mop bucket. After mopping the floor and allowing it to dry, a clear invisible slip resistant film remains making floors safer to walk on.

Product sizes: 1 litre, 5 litre & 10 litre also available.

Coverage rate: 1 litre of mixed product will do approx 200 - 250 square meters of flooring. Please note; When applying the chemical to your floor you don't need that much water and product, just enough to cover the area.

Re-applying the product will depend on surface type and the amount of traffic and wear.

DIRECTIONS

Shake Bottle Well.

Dilute 1 part ADD GRIP with 10 parts of water. (1 Litre with 10 litres of water) Please note; When applying the chemical to your floor you don't need that much water and product, just enough to cover the area.

To clean floor, wet mop mixed solution evenly over surface and leave to dry - *OR* add 2 cup-full's to cleaning bucket and mop over floor and leave to dry. After use clean mop.

Re-apply when necessary.

RECOMMENDATIONS

When using the product for the first time, mop Add Grip once then allow to dry and re-apply then allow to dry. When it needs to be re-applied it then can be mixed with existing cleaning detergents.
