

“Heavy Duty Anti-Slip“

Maintenance floor cleaner

“**HD Anti-Slip Maintenance Cleaner**” is used for the maintenance of floor areas that have been treated with all Anti-Slip floor treatments.

The removal of built up of grime, fats and dirt will keep your floors effective at all times. Most floors are cleaned on a daily basis and due the cleaning detergents used in the cleaning process, over time the floor do build layer upon layer of the cleaning detergent.

Due to the constant demand from the Commercial Kitchen and Clubs, we are happy to introduce “**HD Anti-Slip Maintenance Cleaner**”, it’s a Unique Cleaner/Degreaser especially formulated to be used in a Heavy and General cleaning environment.

We all know Cleaners and Degreasers are easy to find, but if you want the most powerful, yet safe, cleaner and degreaser available on the market today, “**HD Anti-Slip Maintenance Cleaner**” is the cleaning solution for you. It is the best solution for cleaning soap scum, kitchen grease, golf clubs, laundry, engine grease, boats, vinyl and tires.

“**HD Anti-Slip Maintenance Cleaner**” contains no acid or bleach and will not erode surfaces and equally important, plus “**HD Anti-Slip Maintenance Cleaner**” is biodegradable!
